WORLD'S POULTRY SCIENCE JOURNAL

Index of Titles

Volume 26 (1970)

(Index for Volumes 1—21, may be found on pages 369—383, Vol. 22, 1966 and Volumes 22—25 on pages 525—529 Vol. 26, 1970)

(page number given following each subject)

Alectura lathami, biology of 743
Amino acids, chick requirements, 604
Amino acids, laying hen requirements 707
Antibiotics for Laying Hens, 826
Antibiotics, growth and egg production 481
Antibiotics, growth promotion in chicks, 609
Antibiotics, fluorescent technique, 606
Antigens, red cell, in chicks, 695
Antigens, species in doves, 695
Aureomycin on chick growth, 741
Avian Sciences, future of, 587
Avian vocal behaviour, 684

Beans, nutritional value of, 605
Blood, bi-nucleated red cells, 694
Blood, constituents, 714
Breast blisters, poultry, 677
Broilers, effect of dam's egg weight, 615
Broiler Chickens, Growth Rate in, 803
Broilers, growth and feed conversion 605
Broiler meat, effect of sex and age,739
Broiler Trials, 826

Calcium, from skeleton in laying hens, 742
Calcium, level in laying ration, 739
Carcase Quality, Effect of Age and Sex on, 827
Carotenoids in Feeds, 823
Chick rations, methionine in, 614
Chicken meat, amino acids in, 611
Chromosomes of domestic fowl, 694
Congress, Spain, 607

Dictionaries, multilingual, 480
Digestion of protein and carbohydrate, 706
Disease, avian nephrosis, 482
Disease, infectious bursal, 482
Disease, Newcastle, analysis of, 610
Dwarfing gene, feed utilization, 736
Dwarf Gene, Feed Consumption, 824
Dwarf Gene, Thyroid Activity, 824

Economic duration of lay, 706
Egg albumen, of hybrids, 615
Egg albumen, protein fractions, 613
Egg Industry in the 1970's, 805
Egg laying tests, traits measured, 607
Egg production, genetic gain from early records, 647
Egg products, Salomellae in, 716
Egg quality, cages vs. litter, 614
Egg shell, calcium on quality, 613
Egg shell, cracking of, 549
Egg-shell Strength, Measuring, 828
Egg-shell Quality, Factors influencing, 763
Egg yolk pigmentation, 435
Egg yolk pigmentation, effect of tallow and oil, 613
Egg White, Effect of Heat on, 783
Egg Yolk, Influence of Freezing on, 787
Egg Yolk Properties, Heat Effects on, 781
Embryo, oxygen in, 708

Fats Used by Laying Hens, 827
Fatty acids, effect on eggs, 603
Fatty liver, development and prevention, 483
Fatty Liver Syndrome, 825
Fertility and hatchability, 479
Fish Meal in Rations, 825
Floor Management, Economical Factors in, 826
Food intake, control in hens, 604
Fowl, long-tailed, 562
Forced motling in Layers, 821
Fresh Poultry, Irradiation, 828

Geese, potatoes in fattening rations, 611, 612
Geese, plucking breeders, 612
Geese, steatosis, cramming, 735
Genetic gain, selection for egg production, 647
Genetics, Behaviour of, 828
Genetics and selection, 571
Grit for chick growth, 608
Grower diet for meat-type pullets, 606
Guinea Fowl, Feed and Water Consumption, 825

Health, poultry, 546
Housing, controlled environment, 546
Houghton Poultry Research Centre, 593

Iran, Poultry in, 794
Iran, Research Development in, 800

Keel cysts, poultry, 677

Light and egg production, 613

Marek's Disease, Epidemiological studies, 755
Maternal diet, linoleic acid, 735
Meat cut-out, turkeys and broilers, (615), 737
Meat-type pullets, skip-a-day feeding, 609
Metabolic acidosis in laying hens, 736
Mexico Poultry Conference, 481
Mikamycin in Diet, 821
Molt of primary wing feathers, 481
Molting, of laying hens, 481
Mites, effects on poultry, 658

Nutrients, energy for chicks, 604
Nutrition, chickens, 480
Nutrition, energy and egg production, 603
Nutrition, fatty acids, 442
Nutrition, protein quality, 689
Nutrition, yeast concentrate, 708
Nutrition Conference, U.K., 603

Onaga-dori, long-tailed fowl, 562

Peat Extract in Diet, 824
Plasma Esteraze, 822
Potato shreds in broiler rations, 614
Poultry environment, 422
Poultry industry, Spain, 461
Poultry industry, Missouri, 593
Poultry manure, utilization of, 742
Poultry meat, chilling, 740, 741
Poultry waste disposal, 705
Poultry processing, economics, 611
Protein analysis, serum of turkeys, 739
Protein, Digestibility of Crude, 826
Protein, value for broilers, 605
Punnett, Prof. R. C., 696

Quail, choline for rearing, 738
Quail, eggs stored in plastic bags, 739
Quail, fertility and hatchability, 737
Quail Rearing, 827

Rapeseed meal, nutritional evaluation, 610, 614
Random Sample Tests, 822
Rations, Computing for Least Cost, 789
Ribonuclease in chicken eggs, 742

Semen Preservation, 821
Semen production, animal protein, 738
Serum proteins, electrophoresis, 614
Serum vitelline in hepatic tissue, 606
Sesame meal, calcium and methionine, 482
Sex Ratios, 824
Sire selection, egg laying strains, 669
Soybean meal, nutrition, 481
Sugar replacing maize in diets, 706

Temperature, on egg production, 603
Trypotophan, hen's requirement, 603

Viruses, from poultry to man, 539

Weight increase, feed consumption, 736
White Italian Geese, 823
W.P.S.A. Financial Statement, 598
W.P.S.A. Branch Report Australia, 478
W.P.S.A. Branch Report, German, FDR, 475
W.P.S.A. Branch Report, Norway, 477, 602
W.P.S.A. Branch Report, Sweden, 477
W.P.S.A. Branch Report, Switzerland, 475, 715
W.P.S.A. Branch Report, U.K., 602, 715
W.P.S.A. Branch Report, U.S.A., 475, 715
W.P.S.A. Quadriennial Reports, 701
World Veterinary Poultry Association, 479

Yugoslavia Symposium, 601

INDEX OF AUTHORS

Volume 26 1970

(Reference to page number only)

AGUILERA, A., A. 481
AKIMOTO, H., 606
ANNISON, E. F., 604
ANWAR, A., 685, 789
ASAJ, V., 826
AUDI, S., 826
AVILA, E., 481

BALNIN, S., 743
BALNAVE, D., 442, 603
BENTHIN, G., 615
BERGER, R., 614
BERNER, H., 740
BIELINASKA, K., 611, 612, 823
BIELENSKI, K., 611, 612, 823
BIRD, H. R., 481
BLAIR, R., 605
BLUM, J. C., 735
BLOOM, S. E., 694
